This book does not look to weight judgment on topics such as the assassination of John F. Kennedy but looks to explore the subject, present facts and dissect the most troubling aspects of the events. While seeking to enlighten on the subject of conspiracy theories, this book points out some of the big fakes, as well as some of the very frightening real conspiracies. Using information from declassified documents, news events and court records the details of each event are broken down in detail. Since broad speculation has been applied to things like the moon landing or the government’s involvement with UFOs this book cuts to the facts “some of which are more frightening than the theories themselves. “Conspiracy Theories: Top 10 Shocking Conspiracy Theories of All Time That Made Us Think Deeper” also exposes the threat to democracy that false conspiracy theories create and how they disheartened a public if facts are not presented in a true and accurate fashion. While proving some “theories” to be the truth, this book also looks to debunk dangerous falsehoods. Grab a copy today!!!
