

Pablo is having trouble with his contribution to the painting exhibition. Nothing seems to be right. His fellow-artists suggest he try painting a landscape, so he sets off into the country to look for the perfect view. At lunchtime, he has done his best but heâ€™s still not satisfied, so he decides to take a rest. While sleeping, he dreams that the local animals come and make some changes to his painting â€“ Bird adds a bluer sky, Sheep adds a brighter green grass, and Mr. Wolf groups all of them together to add focus. When Pablo wakes up he knows just what to do to make his painting right!
