

Party Time â€™“ Jokes for Mature Audiences is Erdelyiâ€™™s fourth book. In his earlier writings, he mostly explored historical events of the 20th Century Europe and Canada, exposing some of the little or even unknown events that evolved after World War II. After reading his first three books, readers would have expected another book of similarly historical or political in nature. However, Party Time â€™“ Jokes for Mature Audiences is a surprise to his family, friends and his readers. He made a 180 degree turn; he went from the serious historical and political genre to the funny side of life. As the title suggest, this is a collection of jokes that he translated from a Hungarian language collection. Although one could suspect some sleazy expressions, after reading the title, his translating skills are revealed by his tastefully presented punch lines.
